D-M41

HI-FI SYSTEM WITH CD AND BLUETOOTH

BUILT ON ITS LEGENDARY PREDECESSORS WITH EVEN BETTER SOUND AND BLUETOOTH MUSIC STREAMING

The compact size, Hi-Fi quality D-M41 CD receiver system with Bluetooth offers a newly-enhanced version of the famous M-Series Denon sound, matched with European Sound Tuned speakers.

HIGHLIGHTS

- Compact size Hi-Fi quality CD receiver
- 2 x 30W output, plus pre-out socket for an active subwoofer
- New discrete analogue circuitry
- Simple & straight circuit design and Triple Noise Reduction Design (T.N.R.D.)
- Bluetooth built-in
- Bluetooth OFF mode for highest sound performance
- CD, FM radio (FM on RCD-M41) and two optical digital inputs
- 2 Line FL Display
- New industrial design derived from flagship NE series separates
- SC-M41 European Sound Tuned Speaker System

YOUR BENEFITS

- True Hi-Fi sound from a surprisingly small cabinet
- Powerful and clean sound for small and mid-size rooms
- Enhanced audio performance
- Preserving audio signal purity
- Instant wireless streaming from smartphones and tablets
- Disabling radio signal for pure sound
- Plenty of playback options
- Easy to read radio station, music files tag, and setup navigation
- Modern touch, still resembling classic, high-quality HiFi components
- For best performance with RCD-M41

High power output with newly designed full discrete analog amplifier circuit

Denon's engineers have completely rethought the design, from the styling and facilities right through to the audio circuitry, to offer even more performance and value. The new amplifier circuit delivers 2x30W, so the RCD-M41 has more than enough power to drive either the matching SC-M41 speakers or other popular choices (the CD receiver can be bought separately), and there's also a dedicated headphone amplifier section for personal listening.

Simple & Straight circuit design for sound purity

Denon's popular M series gives you high sound quality based on the "simple & straight" concept. Circuitry is uncomplicated, signal paths are short, and all adverse influences on sound quality have been minimised. The circuit design and the way the chassis is built ensure that the sound you hear is utterly faithful to the original performance.

Triple Noise Reduction Design (T.N.R.D.) to preserve signal purity

In an audio component where various circuits, boards, and wire layouts can influence each other, it is not possible to obtain satisfying specifications or sound simply by strengthening the power amp circuit. Denon has therefore eliminated three sources of noise to ensure that the sound is as clean as possible. Distortion from the input selector, electronic volume and power amp has been suppressed to improve the signal-to-noise ratio and produce an even smoother, dramatic sound.

Bluetooth for instant wireless streaming from smartphones and tablets

Bluetooth is integrated to allow instant wireless connectivity with smartphones, tablets and computers, as part of a package of input choices designed to offer optimal flexibility. The Bluetooth circuitry has been designed complete with an on/off selector, offering convenient wireless connection when required, plus enhanced sound from the other sources like CD, FM or digital in when it's not in use.

Enjoy premium sound in your home office, bedroom, or any other room

The compact size of 210mm width and just 310mm depth (plus speakers) allows for an easy setup of the D-M41 on a bookshelf, in a bedroom or in the home office. With several colour combinations, it easily blends into your lifestyle, delivering impeccable performance at the same time.

New cosmetic design

The style of the RCD-M41 has been updated and refined, echoing the industrial design of Denon's flagship New Era Hi-Fi separates like the award-winning PMA-2500NE/DCD-2500NE or PMA-1600NE/DCD-1600NE amplifiers and CD Players.

Best matching Denon SC-M41 speaker system

These speakers have been designed with Denon Hi-Fi craftsmanship and European Sound engineering. For best performance, a high quality 12 cm woofer / midrange chassis has been combined with a high definition tweeter and a crossover network with selected components to reproduce the smoothness of natural sound.

Technical information

D-M41	
Power output	30 W+30 W (6 ohms, 1 kHz)
Input / Output Terminal	1 set of analogue inputs 2 sets of digital inputs (optical) MONO output for subwoofer Headphone
Function	Tone control (Bass, Treble) SDB (Super Dynamic Bass) Source direct function Timer (once, everyday, sleep) CD playback repeat, random mode
Tuner	FM 87.50 MHz – 108.00 MHz Presets x 40 RDS Radio text
Bluetooth	
Compatible Bluetooth Profiles	A2DP/AVRCP
Supported Codecs	AAC/SBC
Multi-pairing	8

General

Power supply	AC 230 V, 50/60Hz
Power consumption	70 W (Standby: 0.3 W)
Colours	Black
Dimensions (W x H x D)	210 x 115 x 309 mm
Weight	4.0 kg

SC-M41

Type	2 way speaker
Drivers	120 mm woofer, 25 mm soft dome tweeter
Frequency response	45 Hz - 40 kHz
Max power	60 W (IEC) 120W (PEAK)
Impedance	8 ohms
Colours	Black
Dimensions (W x H x D)	145 x 238 x 234 mm
Weight	4.2 kg
