Wireless, portable sound for any device - anywhere.

The Harman Kardon Onyx is the first of its kind from the brand renowned for acoustic innovation. Combining power, precision and style, the Harman Kardon Onyx stands out like a piece of art in any room it's placed in, and with built-in Bluetooth®, AirPlay® and DLNA®, it connects to all your home and mobile devices. The Harman Kardon Remote app simplifies setup and lets you stream all your content. Harman Kardon Onyx gives you total control to enjoy best-in-class sound, anywhere you need it. Its 4-speaker, advanced acoustic platform, and dual passive radiators deliver a truly fantastic sound experience with a balanced and powerful soundstage. Audition the Harman Kardon Onyx — soon to be your newest must-have home audio component, if quality sound and ease of access is critical to your lifestyle.

nfc Made for **iPod iPhone iPad** **AirPlay**

Key features

Sophisticated design

Form meets function as the Harman Kardon Onyx's stylish, stainless steel handle connects you to its cloth grill and real leather finish, married to intuitive touch controls for a clean finish – all without the need of wires or cables.

Exceptional performance

Harman Kardon's legendary name in quality sound performance stands tall behind Harman Kardon Onyx's quality acoustics. Four drivers and dual passive radiators create a classic sound with crisp highs and deep lows that's every bit as distinctive as its iconic shape.

Absolute connectivity

Choose from a wealth of device-friendly connection options – from Bluetooth® with NFC to AirPlay® for Apple®; DLNA® for Android, Windows™ and Harman Kardon ecosystems, as well as its rear 3.5mm auxiliary mini-jack input. Realize the ease of total access from the moment you connect your first device wirelessly, to the first time you audition your favorite MP3s.

Works with Harman Kardon Remote App

Set up the Harmon Kardon Onyx's Bluetooth®, DLNA®, or Airplay® via the Remote app for a quick, wireless connection and begin streaming music from any mobile device, computer or NAS on your home network; plus discover total control over Harman Kardon Onyx's audio settings directly from the app. Simply sensational connectivity like nothing you've experienced.

Incredible Convenience

A built-in, rechargeable battery lets you enjoy your music cable-free, and its wireless design lets you control playback and stream from any room in the house – or the backyard, for that matter. Harman Kardon Onyx brings you the sound Harman Kardon is famous for in a smart-looking, portable speaker system.

Includes Harman TrueStream™ Technology

The Harman TrueStream™ technology is our guarantee that you will enjoy the best possible listening experience when you're streaming audio wirelessly, via Bluetooth® technology. Because you have many options for Bluetooth® connectivity, our products always use the most current and most advanced option to ensure the highest quality sound, no matter what application or source device you use. Harman Kardon Onyx uses AAC, aptX and high-bit pool SBC codecs for the best Bluetooth® audio from any device.

What's included?

1 Harman Kardon Onyx portable wireless speaker system
1 removable grill (pre-installed)
1 power supply unit
Regional power cable
Quick Start Guide

Specifications

- No. of channels: 4
- Transducers: 2 x 3" woofers, 2 x ¾" tweeters, 2 x passive radiators
- Bi-amplification: 4 x 15W
- Maximum SPL: 95dB @1m
- Power requirement: 100 – 240V AC, 50/60Hz
- Power adaptor: 19V, 3.0A
- Built-in battery: 11.1V, 2500mA Lithium
- Power consumption: 120W maximum <0.5W standby
- Speaker impedance: 4 ohm per speaker
- Frequency response: 60Hz – 20kHz
- Frequency range: 2402MHz ~ 2480MHz
- Transmitter power: <4dBm
- Modulation: GFSK, π/4 DQPSK/8 DPSK
- Wireless: DLNA®, AirPlay®, Bluetooth® 3.0, A2DP v1.6,
- AVRCP v1.4, AAC & aptX
