

Studio 230

2-way 6.5" Bookshelf Loudspeakers

**AVAILABLE AT
DIGITAL CINEMA**

Flexible placement and masterful sound – in one masterstroke

For those in search of the purest, most powerful embodiment of legacy sound – and who want flexible speaker placement where that came from – we give you the new JBL® Studio 230 2-way bookshelf loudspeakers. As part of the groundbreaking 10-piece JBL® Studio 2 loudspeaker series, the Studio 230 propels you into a world where legacy sound-craft and advanced technology go hand-in-hand in shaping a listening experience like never before. The Studio 230's 6.5" PolyPlas™ midrange driver is designed to bring you pitch-perfect vocal clarity and tight bass that's as accurate as it is cinematic. Add to that a built-in High Definition Imaging (HDI) waveguide design and a 1" CMMD® Lite high-frequency driver, and you've got a loudspeaker that takes its cues from JBL's own legendary M2 Master Reference Monitor. Combine this with the sleek, urbane design of the loudspeaker itself – both inside and out – and you're dealing with a rare breed of sonic horsepower and brainpower ready to define its era.

Features

- ▶ 6.5" PolyPlas™ driver delivers unrivaled purity, power, and realism
- ▶ 1" CMMD® Lite high-frequency driver and High Definition Imaging (HDI) waveguide bring cinema-grade imaging and natural balance to your listening experience
- ▶ Visually striking 21st century design features that can't fail to seduce

Studio 230

2-way 6.5" Bookshelf Loudspeakers

6.5" PolyPlas™ driver delivers unrivaled purity, power, and realism

We have years of JBL® acoustic testing under our belt. With its 6.5" PolyPlas™ front-firing driver delivering unrivaled midrange accuracy and power, we'll let a masterpiece speak for itself.

1" CMMD® Lite high-frequency driver and High Definition Imaging (HDI) waveguide bring cinema-grade imaging and natural balance to your listening experience

The consummation of 67 years of pioneering sound research at our JBL® labs, the Studio 230 incorporates bold technologies like a High Definition Imaging (HDI) waveguide and a 1" CMMD® Lite high-frequency driver into its design. Together, these advances let you experience your sound cinematically – in all its precision imaging, detail, natural balance, and full spectrum mastery.

Visually striking 21st century design features that can't fail to seduce

The JBL way is to make it look as good as it sounds. And with the Studio 230, we've made no exception. With its 21st century elegance – one that incorporates soft-rounded edges, black gloss paneling, and soft-touch paint – we've built something to seduce the eye as much as the ear.
