Jamo 892A2

The 892A2 is a two-way in-wall speaker in the comprehensive Architectural Series, consisting of high-quality speakers at astonishingly affordable prices.

The 892A2 is a powerful in-wall speaker, and is recommended for larger rooms and rooms where you really want to turn up the volume.

The 892A2 is a versatile speaker delivered with a white paintable grille that can be color-matched before mounting, making it easier to create "invisible" solutions for the wall.

The pivoting tweeter can easily be directed toward the sweet spot in any environment, providing the best possible listening conditions.
