Jamo D 500

Normally the installation of THX sound systems require a dedicated room, i.e. a home movie theater. The size and the industrial design of virtually all THX-system dictate that the speakers are hidden behind curtains and walls.

Not anymore! The size of the new Jamo D500 THX loudspeakers system allows direct placement in most medium-sized living rooms. In addition to the compact dimensions these speakers are styled in a way that accommodates many contemporary decorations and furniture combinations. Finished in high-gloss lacquer these speakers add a musical-instrument-touch to the modern home.

Equipped with carefully engineered loudspeaker drive units the Jamo D500-series deliver impeccable reproduction of even the most demanding movie-sound-track, from the deepest bass to the highest highs. In addition to outstanding movie-entertainment the Jamo D500 will give the end-user a very satisfying reproduction of music, be it from stereo MP3 files or full-scale DVD-Audio or SACD.
