

## J L - 4

LANDSCAPE SATELLITE

## SPECIFICATIONS

|                                  |  |
|----------------------------------|--|
| FREQUENCY RESPONSE               | 115Hz-20KHz  |
| DRIVER                           | 4" Long-Throw Aluminum Full-Range Driver   |
| SENSITIVITY                      | 85dB (2.83V @ 1m)  |
| IMPEDENCE                        | 70V  |
| POWER HANDLING                   | 50W  |
| 70V TRANSFORMER                  | 25W  |
| ENCLOSURE MATERIAL               | Glass fiber-filled, UV Treated ABS   |
| FINISH                           | Satin Gun Metal  |
| GRILLE MATERIAL                  | Rust-proof Aluminum  |
| DIMENSIONS                       | 133mm H, 104mm W, 143mm D<br>5.24" H, 4.09" W, 5.63" D   |
| WEIGHT                           | 2.27 kg (5.0 lbs)  |
| ACCESSORIES<br>(SOLD SEPARATELY) | JGS-10 Ground Stake (PN: 1063449)<br>JJB-3 Junction Box (PN: 1063450)<br>JDA-500 DSP Amplifier<br>(120V: 10634321, 230V: 10634322) |

## DESIGN + PERFORMANCE

The smooth lines, satin painted finish, and ultra compact design of the JL-4 allows it to blend seamlessly into even the most luxurious of outdoor living space, while the 4" long-throw aluminum driver provides detailed, dynamic, balanced sound.

## 70V COMPATIBLE

The JL-4 landscape satellites are equipped with high quality 25W 70V transformers, providing maximum system flexibility for any listening environment - from small residential systems to massive commercial installs.

## EASY INSTALLATION

In addition to full 70V compatibility, the JL-4 landscape satellite provides completely tool-free installation, for fast, easy installation in any space.

## ALL WEATHER DURABILITY

A rustproof aluminum grille mated to a UV-resistant, glass-filled ABS cabinet provides the utmost in all-weather capability. With an IP45 rating, the Jamo JL-4 landscape satellite is lab tested and certified to offer the best in outdoor audio year in and year out.

## OPTIMIZED WITH JDA-500

The new Jamo JDA-500 DSP amplifier is the perfect match for the Jamo Landscape series - with 70V and low impedance compatibility and one-click Jamo speaker presets to optimize the acoustic performance of your Jamo speakers - no amplifier sounds better with the Jamo Landscape system.
