

S 83 CEN

CENTER CHANNEL

COMPLETELY NEW, COMPLETELY MODERN

The new Jamo Studio 8 series has been completely reimagined to live seamlessly in modern, premium environments. Contemporary material and finish choices accentuate the clean, minimalist lines of this European design, while the compact cabinet designs are an ideal solution for urban living environments around the world.

PREMIUM PERFORMANCE

The 1" soft dome tweeter provides smooth, refined high frequencies, with dual 5" polyfiber woofers for balanced, dynamic low end. The integrated WaveGuide focuses the high frequency sound for dynamic, true-to-life reproduction, while the rear-firing slot port allows for better low frequency extension and placement flexibility.

OPTIMUM DIALOGUE REPRODUCTION

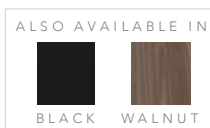

The S 83 CEN is engineered for clear, balanced dialogue reproduction, making it an ideal center channel for a premium surround sound system. The WaveGuide focuses frequencies in the vocal range directly to the listening area so dialogue is clear, articulate, and realistic, and you never miss a detail.

MAGNETIC GRILLE

Fully magnetic grille – no mounting holes or push pins – for a clean, minimalistic front baffle design, while the large woven linen grille cloth creates visual interest with heavy texture.

SPECIFICATIONS

FREQUENCY RESPONSE	65Hz - 26kHz
SENSITIVITY	87dB (2.83V @ 1m)
POWER HANDLING (CONT/PEAK)	80W / 160W
NOMINAL IMPEDANCE	8 Ohm
HIGH FREQUENCY DRIVER	25mm (1") Soft Dome Tweeter
LOW FREQUENCY DRIVER	2 x 127mm (5") Polyfiber Woofers
CROSSOVER	2kHz
ENCLOSURE MATERIAL	MDF
ENCLOSURE TYPE	Bass Reflex via Rear Firing Slot Port
INPUTS	Single Binding Posts
FINISHES	Black, Walnut, White (Shown)
DIMENSIONS (HxWxD)	215mm x 498mm x 245mm 8.46" x 19.61" x 9.65"
