

S2

Step up to better sound.

S2 speaker stands are the perfect addition to your desktop speaker setup. With 16° of vertical tilt, they ensure you experience the full range of frequencies your speakers have to offer. Each stand features multiple areas of foam padding to maintain stability and reduce vibration when your speakers are cranked up. Choose between standard black or white finishes, or solid brass, copper, stainless steel and aluminum.

TECHNICAL ILLUSTRATIONS

16° ANGLE

Get the most out of your speakers by tilting them toward your ears, ensuring you never miss out on those higher frequencies.

FOAM PADDING

Foam padding on the top and bottom of each stand helps to maintain stability and reduce undesirable resonance.

MINIMALISTIC DESIGN

Using as little material as possible, S2's low-profile design keeps your desktop looking clean.

SOLID METAL

S2 is available in a variety of metals and alloys, making them extremely durable and resistant to vibration.
