

# KG-300 Wireless

## PRO AUDIO WIRELESS GAMING HEADSET

Combining high-performance Klipsch audio with the convenience of wireless freedom, the KG-300 Wireless gaming headset features four EQ presets with versions optimized for both surround sound and stereo. Over six decades of audio genius went into developing SphereSpace Surround Technology to bring the intense sensation of the game to life.

## GAME ON

Designed for use with PlayStation 4, PlayStation 3, Xbox 360®, Xbox One\* and PC, the KG-300 Wireless headset delivers optimized sound for every game type while 3x AAA batteries provide hours of wireless gaming freedom.

## LEGENDARY KLIPSCH SOUND

Custom 40mm drivers, Dolby Digital Decoding and proprietary Klipsch SphereSpace Surround Technology enhances game surround effects for clear 360° directionality of every detail.

## ATHLETIC MESH EARPADS & HEADBAND

Provide long-term wear, comfort and breathability while still delivering superior levels of noise isolation.

## EAR MOUNTED CONTROLS

Large, easily-accessible controls are located on the right earcup.

- Chat Volume
- Game Audio
- Mic Monitor
- EQ

## FOUR SELECTABLE EQ PRESETS

Custom voiced with four gaming EQs so you hear every crucial sound with critical detail. EQs switch automatically between stereo and surround profiles.

- Fidelity: Clear, balanced sound for any situation
- Combat: Optimized bass enhances explosions, gunshots and vocals
- Stealth: Clean highs and clear mids enhance every detail around you
- Sport: Bass and mids tuned to enhance big hits and clutch plays

## PRECISION-FLEX BOOM MIC

- Adjustable
- Detachable
- Noise Filtering
- Auto Level Adjust

## TRANSMITTER BASE

- Digital optical + 3.5mm audio inputs
- USB audio + power
- Integrated headset stand
- 3.5mm headphone output with volume control

\*Compatible with Xbox One via 3rd Party Adapter (not included)
