

The Sixes

MID-CENTURY MAGNIFICENT

Incorporating luxury materials such as real wood veneer and tactile spun copper switches and knobs, the Klipsch Heritage Wireless series of powered audio systems blends the acoustics and classic design legacy of Paul W. Klipsch with the latest technologies available today.

EXPERIENCE TRUE HIGH FIDELITY – NO RECEIVER NECESSARY

The Sixes powered monitors deliver room-filling sound without taking up much space thanks to a built-in amplifier that is custom-engineered for these high performance speakers, maximizing output and sound quality. It's finally time to completely forget the expense, clutter and hassle of an external a/v receiver.

HIGH EFFICIENCY AMPLIFICATION

The Sixes incorporate individual ultra-low noise amplifiers that are custom designed to maximize system performance and eliminate the need for external amplification. That means that world-class Klipsch engineers have full control of the signal path. We've picked and tuned the components to be an absolute perfect match throughout, making the system sound incredibly immersive and complete.

PRECISE, CLEAR & HIGHLY EFFICIENT SOUND, PROPRIETARY TO KLIPSCH

The Sixes feature 1" titanium tweeters on Tractrix® horns, a proprietary technology that has been the driving force behind the stunningly precise Klipsch acoustics. Each powered monitor also features a 6 1/2" long-throw woofer and is ported to provide enhanced bass.

THE MOST VERSATILE SPEAKERS ON THE PLANET

Whether you are connecting to a turntable, television, computer, or smart phone, the Sixes powered monitors provide the solution. The Sixes come equipped with an integrated phono pre-amp, Bluetooth® wireless technology, digital optical, analog RCA and USB inputs, allowing you to enjoy superior stereo sound from a beautifully crafted tabletop stereo system.

192kHz / 24-BIT DECODING TO SUPPORT HIGH RESOLUTION AUDIO TRACKS

The Sixes powered monitors also feature 192kHz / 24-bit decoding for flawless reproduction of high resolution audio tracks from your PC.

WANT TO ADD A SUBWOOFER? WE'VE GOT YOU COVERED!

The Sixes also include a subwoofer output so you can easily add a powered sub to the system.

SPECIFICATIONS

MAX ACOUSTIC OUTPUT	106 dB (1M stereo pair)
HIGH FREQUENCY DRIVERS	1" (25.4mm) titanium tweeters on Tractrix® horns (each speaker)
WOOFER	6.5" (165.1mm) long-throw woofer (each speaker)
ENCLOSURE TYPE	ported
POWER	100W x 2 continuous @ <1% THD 200W x 2 short term peak power
FREQUENCY RESPONSE	40Hz ~20kHz @ -3dB
INPUTS	Bluetooth® 3.5mm miniplug (analog) Phono pre-amp / RCA Analog USB Type B Optical
OUTPUTS	Subwoofer output
DIMENSIONS (WxHxD)	8.625" (22cm) x 16.75" (42.55cm) x 11" (27.9cm)
FINISH OPTIONS	■ Walnut
VOLTAGE	110/240 VAC
WEIGHT	Right speaker: 17.74 lbs (8.05kg) Left speaker: 16.00 lbs (7.26kg)
BUILT FROM	2016
INCLUDED ACCESSORIES	4-conductor speaker cable (for R to L connection) 3.5mm aux cable USB Type B to USB Type A cable Optical (TOSLink) Cable Wireless Remote Control Power Cord
