## NR1200 SLIM LINE STEREO NETWORK RECEIVER

Indulge in high-resolution sonic perfection with the Marantz NR1200 slim line stereo network receiver that powers detailed, high-fidelity audio from a compact chassis. With a fully discrete amplifier design following the pure integrated amplifier layout and the renowned Marantz sound, the NR1200 is perfect for demanding music lovers wanting both excellent music quality, modern music streaming capability and digital connectivity. Stream music from your favourite services via Bluetooth, Apple AirPlay 2 or the HEOS Built-in app. Listen to FM/DAB+ Radio, Internet Radio, a wide array of music services, or connect a turntable to the high-quality Phono input. The NR1200 also supports the latest HDMI connectivity with 5 inputs and 1 output, plenty enough to connect your TV by HDMI ARC and your source players including a set-top box, Blu-ray Player or game console. All of this in a sleek design lower than a CD jewel case.

### Highlights

- Slim profile that's half the height of a traditional receiver
- Two-channel discrete power amplifier with separate L/R power amp circuit and power transformer with 75W per channel
- AirPlay 2, Bluetooth, Internet Radio, Spotify Free and Premium, Network Audio Streaming
- Integrated high-quality Phono input
- HEOS Built-in
- 5 HDMI inputs with full HDCP 2.3 support plus one HDMI out with ARC
- Connect your Bluetooth headphones
- Speaker A/B and tone control to tune sound to your exact specifications

### Your Benefits

- Delivers exceptional performance and Marantz renown audio quality
- Serious HiFi construction with enough power to fill your living room with the wide Marantz soundstage
- Access to almost unlimited online music sources
- Connect your turntable and listen to your beloved Vinyls
- Wireless Multi-room audio, voice control and digital music streaming
- Versatile HDMI connectivity with support for single cable connection with your television
- Listen to music or TV programs via your wireless headphones, either simultaneously with the speakers on, or individually.
- High-performance, high-resolution audio playback

# because music matters
