Award Winning PSB Sound Taken To a New Level

Building on PSB's almost 50 years of award-winning speaker design expertise, the Alpha AM3 compact, powered speakers deliver a natural, detailed sound with precision and less distortion. While the Alphas quickly rose to be one of the world's most iconic speakers and to this day are still the reference benchmark for entry-level hi-fi speakers, today's Alphas combine rare musicality and exceptional value with the latest cutting-edge technologies.

Versatile Design

The Alpha AM3 active monitor is effortless to setup and use. There's no amplifier to hook up or apps to download. Stream and listen to your favourite music with aptX™ Bluetooth from your mobile devices - simply pair and play. Connect to your computer or TV for crystal clear, natural sound. The AM3 even features several sound modes allowing you to accentuate dialogue, soundstage and more. Vinyl lovers will appreciate the dedicated RCA phono input. Where desired, use the sub output to add a subwoofer for even deeper bass. The Alpha AM3's flexible design make it perfectly suited for desktop, bookshelf or stand mount placement and can fill your room with impressive sound.

- Qualcomm® aptX™ Bluetooth
- Dedicated RCA Phono Input
- 3.5 mm Analog Input
- Optical Input
- USB DAC
- USB Power Jack
- IR Remote Control
- Subwoofer Output

Matched Components / Unmatched Performance

Leveraging amplification expertise from our sister brands provided the PSB design team the considerable advantage of designing a speaker for a known 35W x 2 amplifier. By adding the power of digital signal processing, frequency response, bass extension and output are optimized to a remarkable level of performance. Exceptionally few powered speakers share intellectual resources of this magnitude, making the Alpha AM3 a standout in the crowd of powered speakers. A renowned amplifier company and speaker company perfecting the powered speaker is truly a match made in acoustic heaven.

Featuring acoustically-transparent detachable magnetic grilles in a choice of Matte Black or Matte White finish to seamlessly blend into any décor, the Alpha AM3 combines simplicity of setup and operation with source and placement versatility. Don't let its compact size fool you - the Alpha AM3 with powerful, rich detailed sound punches well above its weight.

SPECIFICATIONS

FREQUENCY RESPONSE

On Axis @ 0° ± 3dB	56Hz-20KHz
LF Cutoff -10dB	40Hz

AMPLIFIER POWER

35 watts x 2 RMS

ACOUSTIC DESIGN

Tweeter (Nominal)	3/4" (19mm) Aluminium Dome with Ferrofluid and Neodymium Magnet
Woofers (Nominal)	4" (100mm) Cone Rubber Surround Steel Basket

INPUTS

Analog	3.5mm, Phono MM
Digital	Optical, USB
Wireless	aptX™ Bluetooth
Design Type	Bass Reflex

CONSTRUCTION

Cabinet	MDF
Cabinet Sleeve	Vinyl
Baffle Front	MDF
Grille	Perforated Metal

SIZE (W x H x D)

(Gross Dimensions)

Net Dimensions	5 1/8" x 8 5/8" x 6 7/8" (130 x 220 x 174mm)
Net Weight	10 lbs (4.5 kg) /pair
Shipping Dimensions	14 1/8" x 9 7/8" x 11 1/2" (359 x 251 x 292mm)
Shipping Weight	11.7 lbs (5.3 kg) /pr

FINISH

Matte Black, Matte White
