**Built-in Bluetooth Wireless Technology**

The built-in *Bluetooth* Wireless Technology lets you easily stream music from compatible devices such as smartphones, tablets, or personal computers. Enjoy your favourite songs with hassle-free connection.

**Bluetooth Auto Reconnect/Bluetooth Wakeup**

With the *Bluetooth* Auto Reconnect function, the system automatically reconnects with your *Bluetooth* enabled device after the initial pairing. If you set the system to *Bluetooth* Wakeup, the power will automatically turn on, and the function is switched to *Bluetooth* Audio when you play your *Bluetooth* enabled device.

**DAB/DAB+ Radio**

Enjoy radio broadcasts in crystal clear sound, free of interference. The built-in DAB/DAB+ tuner lets you listen to various programmes by automatically tuning in to available stations.

**“P.BASS” Bass Enhancer**

The “P.BASS” function emphasises the bass frequencies for a powerful sound. The function is available by default when you first turn the power on, and can be turned off with the remote control.

**Sound Equaliser**

You can fine-tune the sound to suit your preference using the four equaliser presets.

Flat: a flat, basic sound

Active: powerful sound with emphasis on low and high tones

Dialogue: makes radio or vocal sound more easy to hear

Night: optimised for listening at a low volume

**Auto Standby**

No need to worry if you left the power on. The system will automatically switch to standby after being left uncontrolled for a while.
