WIRELESS SUB LINK  
AND BLUETOOTH INPUT

The Vista 150 is the latest addition to the Vista soundbar series, revolutionising sound for flat screen TVs too thin to produce high-quality audio, with all the convenience of bluetooth technology.

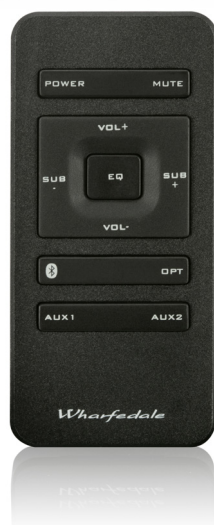

The Vista 150 incorporates a 6.5" ferrite subwoofer, with extra depth for an authentic cinematic experience, similarly to conventional amp and speaker configurations, while keeping clutter to the minimum. The soundbar utilises four 2.75" drivers with two 0.75" neodymium tweeters for a true stereo sound, projected from one slimline source.

Bluetooth not only enables a wireless connection for smart phones and tablets, but links the soundbar and subwoofer together, for a hassle free setup. 3.5mm jack, RCA and optical inputs make a versatile system equally capable as a conventional hi-fi setup too.

The Vista 150 is an efficient and yet affordable route to home entertainment, engineered with a passion for sound.

## REMOTE

For added convenience, a remote is included to access different EQ modes and to pinpoint the balance between the subwoofer and soundbar.

The system also features TV Remote learning which means you can integrate your existing home cinema remote into the operation of the Vista 150.

## SPECIFICATIONS

Power	150 Watts
Frequency Response	40Hz - 20kHz
Speaker	2 x 2.75" Mid / 2 x 0.75" High / 1 x 6.5" Bass
Driver Material	Neodymium Mid & High / Ferrite Bass
Connection	Bluetooth / 3.5mm Jack / RCA / Optical
Remote Features	Input / Volume / Sub / EQ
Finish	Textured Spray / PVC Laminate
Dimensions	850 x 68 x 87mm / 250 x 270 x 310mm
Weight	2kg / 5kg
